

Indies Defeat Mesick Team

The Grayling Independents defeated the Mesick Merchants there last Thursday night 53 to 51, in a return game following a game here which the Indies also took.

Ed Chalkey with 18 points led the Grayling team with Ross Thompson adding 12, Sandy Thompson 8, Rog Giegling 6, Howard Hatfield 4, Bob Smock 3 and Ed Smith 2. Farhat with 23 points led Mesick in what proved to be an exciting, well played, close contest.

Cheboygan with one of the best teams in Northern Michigan recruited from Indian River and Harbor Springs as well as Cheboygan is to face the Indies in the Grayling High gym this Wednesday night.

On Saturday evening, another independent basketball double header is scheduled with Grayling meeting the Essexville Merchants of Bay City and Aetna Cement of Bay City tying into Roscommon or some other independent team in the opener.

The Grayling team has received information that Bay City has loaded up with some outstanding court stars in an attempt to avenge their earlier defeat here at the hands of Grayling. Some of the stars who are expected to appear on the court for Bay City are Ken Norris, Bay City Central coach, Howard Elzinga, Bay City Handy High coach, Bob Van Summer, former University of Michigan football star and now a Bay City coach, Ted Horn, brother of Dan Horn who has appeared here several times with Pinconning teams, Joe Grant, big Bay City court star, Bill Beach, Handy High coach, John Treilloy, Visitation coach, Ed Wedge and Bob Keering.

PTA To Meet Next Tuesday

Our February meeting will be held at the South Side School next Tuesday evening at 8 o'clock.

The children of this school have entertainment planned for us. Also we will have a report on our bake sale held last week.

Lets have a good turn out for this evening.

Mrs. Fred Lamm, Publicity Chairman.

Engagements Announced

Mr. and Mrs. Joseph H. Jaroch of Uby, Michigan, announce the engagement of their daughter, Miss Beatrice Cecelia Jaroch, to Mr. Lewis Rutkowski, the son of Mr. and Mrs. Stanley F. Rutkowski of Grayling, Michigan. The couple plan an early fall wedding.

Maple Forest

Mrs. Lucille Howse and Mrs. Opal Hamblin spent Thursday in Grayling where they attended a leaders meeting on pattern alterations.

The Ground Observer Corp participated in its first large scale exercise during winter conditions on February 10 and 11. This exercise was in charge of Headquarters, Eastern Air Defense Force, Newburgh, New York. A few changes had been made in Aircraft Flash Messages. Clocks were synchronized from Grand Rapids Air Defense Filter Center on the first telephoned report. Arthur Howse, chief observer for the Frederic area tells us that upon observation the telephone connections were made through to Grand Rapids in a few seconds. This exercise was very successful.

The "Youth For Christ" conference at the Town Hall was very well attended.

Earl Lovely was at home from his work in Grand Rapids over the week end. He was in Gaylord Saturday.

The icy roads Friday changed a lot of peoples ideas of travel. And the county's sanding equipment was a most welcome sight the next day.

Mrs. Harold Moon was in Gaylord on business on Friday.

No telephone service in Maple Forest from Friday till Monday because of line trouble.

Clyde Smith enjoyed a visit from his cousin, George Hensel of West Branch on Monday.

The Clyde Smith family spent Sunday visiting here father, Joseph Vance on the North Branch.

Michigan sits stunned yet over its tremendous loss in the fire which licked through the state of the building in Lansing. Cause of the blaze was easy to dig up — now comes the task of scraping up money to rebuild the structure.

As a result of the loss of office space, plans for the new office building, scheduled to be built behind the capitol building, have been stepped up. Plans now are arranged to exceed not over 4 1/2 million dollars. A. N. Longius, head of the state building department, says it can't be built for that amount.

Winter Sports Park To Operate This Week End, Weather Permitting

Last Week End Proves Excellent

The Grayling Winter Sports Park will continue to operate this week end, weather permitting, it was decided at a Board of Directors meeting held Monday evening. A. J. Nelson, director and park manager reported that the prolonged thaw had brought very little damage to the park and if it did not rain more or turn a great deal warmer, he believed that the park would still be in operating shape this week end.

Last week end proved much better than was hoped for in view of three winter sports carnivals being held in the state. Over 100 members of the Saginaw District of the Waltham League arrived here Sunday in three buses and had a wonderful time. On Saturday, the Grayling Kids Day brought and estimated 200 local children to the park, where they enjoyed all of the attractions without cost, except food.

A financial report given Monday evening by Treasurer Alfred Hanson showed that the park while behind a rather small amount in actual cash, had placed over \$400 in skis, ski poles and snowshoes into the park this year and a like amount into actual building repairs prior to opening the park.

Park Manager Nelson said he felt with another good week end and the possibility of operating the ski tow for maybe two or three weeks following would bring the park's 1935 operation into the

Kiwanis Club Notes

Hugel Leonard of Lake City, chief sanitarian of District Health Department 1 which includes Crawford, Kalkaska, Roscommon, Missaukee and Wexford counties was the speaker introduced at Monday night's meeting of the Kiwanis Club of Grayling by Max Davenport who was program chairman.

Mr. Leonard told of the formation of the Health Department under the laws of the State of Michigan and of the personnel that made up the department and of their duties.

He spoke of the safeguards that the department makes with municipal water supplies, waste disposals, their work with producers and handlers of food, in the immunization of communicable diseases, with the schools and with local physicians.

Next Monday night's regular meeting will be skipped and the club members along with their wives will meet next Wednesday evening at the warming house at the Grayling Winter Sports Park for dinner and a following evening of dancing. A large turnout is expected as the dinner and dancing party will be the first social evening for the club this year. The party is under the direction of Vice President Davenport.

Pastor Reports On 4 State Conference

"Gains on every front during the past four years have been unprecedented, and a program has been inaugurated that should double church membership in the next four years," said L. W. Hyde, pastor of the Grayling church and the Gaylord and Mio Seventh Day Adventist Churches.

He reported on proceedings at a five-day, four-state quadrennial convention in Milwaukee, from which he has just returned. Pastor Hyde was an official delegate to the convention from this area.

Growth during the past four years has brought the number of churches to 10,000 and the membership to 800,000, the pastor said. The number of countries in which Adventist work is established has risen to 228, and the number of schools and colleges has risen to 4,104. Other institutions at the end of the four-year period included 160 hospitals and 82 publishing houses, publishing literature in 195 languages. Their medical college, the College of Medical Education, which has an A-rating by the American Medical Association, graduates 75-100 doctors annually, and their hospitals graduate about 400 nurses a year.

The "Voice of Prophecy" international religious broadcast which first went on the air coast-to-coast on January 4, 1942, over 89 stations is now heard over 700 stations throughout the world. The broadcast is now being televised to the nations larger cities.

Adventists in the four-state area gave \$12,767,888 in tithes and foreign mission offerings during the four-year period, besides offerings for local church expenses and home mission work, Pastor Hyde reported.

Speakers at the conference included highest world officials of the church from the denomination's world headquarters in Washington, D. C. Keynoting the convention was William H. Branson, president of the world conference of the church, who said, "The most effective force to combat the materialism raging throughout the world today is the vital force of convinced Godliness in the lives of Christian people."

General Carnival Chairman Alfred Sorenson collected a fund from the Grayling businessmen which made possible the Grayling Kids days free to all of the Grayling children. The fund which approached \$200 aided the receipts of the park and provided an afternoon of entertainment for the children.

Woman's Club

Woman's Club met at the home of Mrs. Leonard Allison on Monday evening with twenty-eight members present. At the business meeting it was again decided to sponsor a girl to Girl's State this year.

Officers for the ensuing year were elected as follows: Mrs. Bill Joseph, president; Mrs. Les Welch, 1st vice president; Mrs. Louis Hayes, 2nd vice president; Mrs. T. P. Peterson, recording secretary; Mrs. Carl Richardson, corresponding secretary, and Mrs. Ernest Johnson, treasurer.

The Woman's Club plans to present a style show and entertainment at the Rialto Theater in March. Tickets will be on sale soon. Anyone having clothing dating from 1860 on who would loan it to the club for the show is asked to please call Mrs. Alfred Sorenson or Mrs. Stanley Stealy. It will be greatly appreciated.

Following the business meeting the annual Hedda Hopper Hat contest took place. The ladies modeled their original creations. Prizes were won by Mrs. Frank Bond for a creation featuring a bronze lamp shade and black veiling, Mrs. Les Welch for an interesting arrangement of baby supplies, rattles, etc.; Mrs. Tom Robertson for a stylish number created from fur and deer horns, and Mrs. Alfred Sorenson for her "picture hat." The judges, Mrs. Roy Milnes, Mrs. Charles Piper and Mrs. Robert Strong had a difficult time deciding the winners as all hats were original and cleverly done.

Red Cross Drive Opens Next Thursday With \$1,632 Quota

Earl R. Burns Is Drive Chairman

The annual Red Cross fund drive will open next Thursday, March 1. The County goal has been set at \$1,632 this year in comparison with \$1,127 last year. Drive Chairman Earl R. Burns explained the increase by pointing out the heavy load that the Red Cross is carrying now in Korea and other parts of the world for the armed forces of this country. Half of the quota remains in Crawford County to be used on local Red Cross projects.

During our Civil War (1861-1865) a volunteer organization performed various welfare services for troops and cared for the wounded. This Commission was the forerunner of the American Red Cross. In 1882 the United States signed the Geneva Convention and organized the American National Association of the Red Cross. These actions were largely the result of long efforts of Clara Barton, who became the first president of the American association. During our Civil War, Clara Barton had organized a program to distribute medical and other supplies to wounded soldiers. After the war she organized in Washington a bureau of records to aid in the search for missing soldiers, which resulted in the identifying and marking of the graves of 12,000 previously unknown persons. Later she turned to international activities, helping organize military hospitals during the Franco-Persian War (1870). Because of this and later accomplishments Clara Barton is one of the truly great figures of American history.

In 1905, an act of Congress chartered the organization under its present official title as The American National Red Cross.

One of the biggest single programs undertaken by the Red Cross for civil defense is the training of 20,000,000 persons in first aid. There is now such a course being offered in Crawford County. Anyone wishing to sign-up for the first aid course should contact Mrs. Lillian Ryan.

This job is being carried out by stepping up the entire first aid program in chapters, and by preparing

tion of a supplement to the First Aid textbook at national headquarters.

One of the biggest sources of training so far has been high school students. Hundreds of thousands of boys and girls through the country are receiving first aid instruction now or will be getting it soon. Police, firemen, teachers, employees of specific companies, and civil defense workers are among other groups enrolled in newly expanded classes.

To handle the courses for trainees, the Red Cross has available 34,000 qualified instructors. The first aid course takes about 18 hours and 20 trainees can be considered the average number handled by each instructor. Approximately 12,500,000 persons have received first aid training since the program was begun in 1910.

Issue Warning To County Dog Owners

County Prosecutor Charles E. Moore and Sheriff William F. Goinck today said that both of their offices were receiving numerous complaints relative to dogs running at large and to the general nuisance caused by the animals.

Both county officers warned county dog owners that if they valued their dogs, they should protect them by observing the law. They pointed out nine different parts of the law of the State of Michigan which refers to dogs.

No. 1 Every dog over 4 months old must be licensed and must at all times wear a collar with license tag attached, except when engaged in lawful hunting accompanied by its owner or custodian.

No. 2 It is unlawful for any owner of a female dog to permit such dog to go beyond the premises of owner when she is in heat unless such dog is held properly in leash.

No. 3 It is unlawful for the owner of any dog to allow it to stray beyond his premises unless under reasonable control of some person or when engaged in lawful hunting, accompanied by its owner or custodian.

No. 4 Every dog shall at all times between sunset of each day and sunrise of the following day be confined upon the premises of its owner or custodian, except when said dog is otherwise under the reasonable control of some person.

No. 5 It is the duty of the sheriff or any member of the State Police to locate and kill, or cause to be killed, all unlicensed dogs over 4 months of age.

No. 6 It is the duty of every police officer, on complaint, to kill any dog or dogs which are found outside of an incorporated city, running at large and unaccompanied by owner or keeper.

Vikings Trip Houghton Lake, Face Roscommon There Friday

Friday's Game Last Scheduled Of Season

The Grayling Vikings came through with a smashing 53 to 27 victory over Houghton Lake last Friday night. After holding a Jim 11-9 first quarter lead the Vikings poured on the steam as they scored 17 points while Houghton Lake was getting only 7. That was the ball game as the Vikings maintained a steady offense and a strong defense in the

second half in coasting to their third conference win of the season.

The Viking attack was led by Jim Burch with 17 points, Peewee Laurent 14, and Elery Horning 9 points. The three hit for long shots in every quarter as they did much in keeping the Houghton Lake zone defense loose. Duane Worden collected 6 points, Bill Worden 4 and Jim McClain 3 as all the Vikings that got in the game did fine jobs. Finch with 12 points and Shadron with 10 led the losers.

The Grayling Reserves, however, lost a hard fought game to the Houghton Lake Reserves, 43 to 42. The little Vikings had several chances to tie the game in the final minutes but failed to cash in on them. Hallet led the victors with 16 points. Grayling points were distributed as follows: Owen 13, Joslyn 11, Luckstead 5, Bielski and Kessler each 4, Niederer 3, Davenport and Larson each 1 point.

The Vikings will try to gain their first victory while playing away from home when they travel to Roscommon Friday. The Roscommon game is the last regular game of the season. The tournament will be held in Gaylord on February 28, March 1 and 2, with the drawing being held this Wednesday, February 21.

For A Stronger America

A unique contest to develop in young people deeper devotion to America and a greater understanding of the democratic way of life was announced recently in Washington. The idea of the contest is for women's clubs throughout the country to work with young people on community improvement planning and projects, thus preparing youngsters for leadership and community service.

Sponsored by the General Federation of Women's Clubs in co-operation with a leading chain system, the contest is called "Build Freedom With Youth," should be a positive contribution toward the strengthening of America. Helping our youth to understand the worth of democracy is vital to the future of freedom everywhere. Part of the might of Communist Russia lies in the thorough system of youth indoctrination. Our children must not grow to adulthood indifferent to the system of government which guarantees their freedom.

It is significant that the same chain store company which is the co-sponsor of this program in youth education also sponsored a General Federation of Women's Clubs community improvement program last year. Sponsorship of such a program is an indication of the spirit of enlightened good citizenship which typifies modern retailing in all its forms. America's thousands of stores exist because our nation's economy needs mass distribution just as surely as it needs mass production. The amazing growth of American industry and trade would have been impossible without the system of free enterprise which created a land of opportunity.

To keep free enterprise a reality, one of the things we must do is to teach our children the meaning of freedom. The "Build Freedom With Youth" program was created to teach just that — by providing youth with practical experience in making democracy work. Through knowledge comes understanding; through understanding, strength.

Want more power per dollar?

WHAT are the things you hope some day to have in an automobile?

Is it power that rises to every challenge?

Is it the satisfied feeling of being a very important person there at the wheel?

Is it day-long comfort and ample dimensions that make every trip a pleasure?

Is it the durable goodness of sound construction — the sturdy strength that will outlast the years?

Well, sir, the time has come for you to take to heart these three words of sensible advice—"SMART BUY'S BUICK."

Every Buick has Fireball power — an exclusive combustion principle that makes each drop of fuel do extra duty.

Standard equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

DYNALOW DRIVE—saves strain on driver and car

FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel

PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection

WHITE-GLOW INSTRUMENTS—greater clarity at night

TORQUE-TUBE DRIVE—steadies ride, improves driving control

4-WHEEL COIL SPRING—cushions ride, saves servicing costs

DUAL VENTILATION—outside air fed separately to right or left of front compartment

SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum

DREAMLINE STYLING—tapered, car-length fenders, gleaming swoops on most models

Plus! Self-locking luggage lid, Sleep-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

Every Buick has coil springs on all four wheels — that add to your comfort and never need service.

Every Buick can be had with Dynaflo Drive,* which lends extra smoothness to all the miles you drive and saves wear on tires, engine and transmission for long-run economy.

Every Buick sparkles with added conveniences, refinements, appointments that lift these 1951 beauties far above the "utility" level and make them a special joy to own.

And when it comes to price—we ask you to compare Buick with the field. Come see us soon. Lots of folks are comparing and finding there's no buy like a Buick.

46th Infantry Division To Be Reorganized March 1

Opportunity for military service in their home town National Guard units will be open to more than 2,600 Michigan youths as the result of the reorganization of Michigan's 46th Infantry Division scheduled for March 1, it has been announced by the Adjutant General's office.

Effective March 1, Michigan's "Iron Fist" division will be organized on the same basis as regular army infantry divisions during peacetime. Hereafter, National Guard units were organized under tables of organizations which reduced their maximum strength to approximately 80 percent of that authorized for regular army units. New career fields and grade changes established by the army during the past several years will be added to the 46th Division under its reorganization. This opens the way for appointment and enlistment of more than 2,600 officers and men.

After March 1 units will be authorized to secure their full complement of officers, mostly of company grade. Nearly every company or battery size Guard unit in the state will need at least one new officer.

More than 2,300 vacancies for enlisted men will open up under the reorganization. In many units increased opportunities for promotion will be provided by the creation of additional higher non-commissioned officer grades.

Opportunities for service in Michigan's reorganized 46th Infantry Division will be open to veterans and non-veterans alike. Former officers and enlisted men who served in the first three grades during World War II may apply for appointment as Michigan National Guard officers in their home town units.

Guard Schedules Operation Ready I

More than 220 Michigan National Guard officers from units stationed throughout the Lower Peninsula will meet in Lansing Sunday, February 25, for a mobilization planning and implementation school, according to the Adjutant General's office. Personnel scheduled to attend the school include all major organizational commanders and their staff officers, two officers from each separate company and one officer

from each company or battery size unit of the Michigan National Guard.

Operation Ready I is the title applied to the exercise to be held at the mobilization planning and implementation school. Objective of the exercise is to familiarize and discuss the mobilization problems confronting the 46th Infantry Division and attached units in event of mobilization in the near future. It will consist of a conference and practical exercise on mobilization problems and induction procedures.

Officers representing Upper Peninsula units of the Michigan National Guard will attend a similar school to be scheduled later at Ishpeming.

Production Credit Assoc. Directors Attend Meeting

It is announced by Secretary-Treasurer A. J. Townsend of the Gaylord Production Credit Association, with office at Gaylord, that he and his board of directors will take part in a district meeting of production credit association boards at St. Louis, Michigan.

This two-day business conference will be held February 28th and March 1, 1951. The board members who will attend are President Arnold W. Ostrander of Afton; E. Hartung of Levering; Albert A. Kassuba of Gaylord; Sheridan Rhoads of Comins; and Joseph Martineck of Charlevoix.

These five men, all farmers who are familiar with farming problems and are elected by the members, direct the operations of this co-operative credit association for the 894 members who are located in the counties of Alpena, Antrim, Charlevoix, Cheboygan, Crawford, Emmet, Montmorency, Oscoda, Otsego and Presque Isle.

Secretary-Treasurer A. J. Townsend reports that the past year was one of the best for the Gaylord PCA since its organization 17 years ago. During 1950 the association made short term production and operating loans to 450 farmer members in the amount of \$737,000 and on January 1, 1951 had \$432,000 outstanding.

"The Gaylord PCA," said A. J. Townsend, "is extremely proud of the fact that it is one of the 25 PCAs in the district that are completely member owned, having retired all government capital that was advanced to it as organization capital back in 1933. We have \$69,855 in member owned capital and have \$56,446 set aside as reserve to protect the members' investment."

money? That is the question staring state legislators in the face in the next four years. In the meantime, it will cost 2 1/2 millions (and 6-8 months) to get the old water soaked office building back into operation. Top two floors will be lopped off, of course, since both are total losses.

Additional monies will be dug up when legislators begin considering the state of the capitol building itself. Long labeled a fire trap, it is expected that measures will be taken to make the old building more fireproof. Currently it is listed as "slow burning". The state office building was "fireproof".

This fire, costly as it was and will be, however, has served as an object lesson to every state in the union. Most observers expect to see a modernization program soon in every state where buildings still sit as fair game to any good blaze. And county governments are awakening too. Most of the county courthouses were constructed near the turn of the century and are veritable fire-traps in that they are lacking in sprinkler systems, are overcrowded and are poorly arranged for escape exits.

Sidelight to the fire: The state

SEEK DEER LAW CHANGE

The East Michigan Tourist Association's campaign to reduce the non-resident deer hunting fee from \$35.00 to a maximum of \$25.00 is underway, according to Frank Davis, secretary-manager of the association.

Senator Frank Andrews of Hillman has introduced a Senate Bill which would reduce the out-state deer hunting fee from \$35.00 to \$15.00. Another bill, a House Bill, has been introduced by Representative Emil Peltz of Rogers City and Hugo Nelson of Indian River. This provides for a reduction to \$25.00 which was the same fee charged four years ago. It is believed that the sponsors of this legislation will agree on the fee.

The association is committed to this policy according to Davis, because from a public relation standpoint the non-resident license fee of \$35.00, ten times greater than the fee for resident hunters, leads to the impression that Michigan doesn't welcome people from out state. Davis pointed out that Pennsylvania, Michigan's main competitor in deer hunting has a fee of \$20.00 for non-resident hunters and Ontario permits deer hunting for \$25.75 and that an average deer hunter from Ohio would be far more tempted to hunt deer in Pennsylvania than he would be in Michigan because of this fee, and yet if he did hunt in Michigan he would spend more money than he realized in the form of sales tax, gas tax, liquor tax and so forth. He said that the number of out-state hunters are relatively small in comparison to the in-state hunters so there would be very little damage to the deer herd by reducing this license fee to its former level. He also stated that the association has had numerous letters of complaint from out-state people who own property, cottages and lodges and are tax payers and yet are compelled to pay the non-resident fee to hunt on their own land.

office building was insured out of the state insurance fund which has assets of only \$1,800,000. The states liquor supply is insured by private firms, assets unlimited.

Air force officials predict that one out of three air force reservists will be back in uniform by the end of the current mobilization.

But, for the time being, news from Korea is encouraging. That means domestic news worsens. The psychological letdown is apparent. Once again, people are primarily concerned with getting their own jobs done, laying in inventories to get a big profit if prices rise, buying now to avoid scarcities later.

Manufacturer's inventories have been rising fast and are at a record high. The proposal to boost the manufacturers' excise tax on autos from seven to 20 percent along with similar jumps in taxes of other "non-essentials" has helped set off a buying rush.

Michigan pays \$4.79 of every \$100 the federal government spends. And so if Sen. Harry Byrd's economy ideas prevail in congress, state taxpayers will be saved some \$435,890,000.

A citizen advisory committee has recommended the consolidation of 16 independent professional and trade licensing boards in one agency. The new department would handle licensing for occupations ranging from accountants to embalmers, chiropractors and plumbers.

Beetles may not be vital as bullets, but in the national budget is a request for \$487,000 to study Japanese beetles. First recorded find in Michigan was in 1932. Total catch: Eight beetles.

Upon request of the department of defense, Michigan State College will go back on a wartime full-year academic schedule. Objective is to make college graduates available for military service or work in defense industries a year earlier.

Final poll card returns show some 50 percent fewer deer were bagged in Michigan than in 1949. Computation show 2,186 deer were copped in Western Michigan by 12,294 hunters as compared to 4,157 deer taken by 15,193 hunters the first season in 1949.

GRAYLING

LOCAL SOLDIER IS PROMOTED IN JAPAN

AN AIR BASE IN JAPAN—a promotion was in order today for John J. Mathews of Grayling, Michigan, and he realized the results of many months of service and many hours of hard work when he was awarded the rank of technical sergeant. The technical sergeant has been in the Air Force since December 1941 and is a living example of the opportunities and advantages of service in the military today. His job as a CFC gunner with the 10th R. C. Unit, part of the 618th Air Base Wing, has taught him many valuable lessons as well as giving him a wealth of experience in geography and social relations. He has been in the Far East since May 1948 and was joined by his wife and their two children in October of the same year.

He attended Armament School, in 1941, Gunner School in 1942 and Instructor School in 1943. These schools prepared him for the task he is currently performing.

Judge and Mrs. Ray F. Clement attended the Republican Convention held in Detroit the past week end and stopped in Bay City en route to visit relatives.

Mrs. Earl Burns, sponsor, was hostess to Burns Women's Bowling team last Wednesday evening for dinner at Clancy's.

For better vision see Dr. Glover at Shoppetons Inn on the 2nd and 4th Thursdays each month.

The Misses Margrethe and Olga Nielsen were hostesses last Thursday evening to members of Spike's Women's Bowling team to celebrate the birthday of Mrs. Amy Gothro.

Thomas Yoder was flown home from Korea because of the serious illness of his father, Ben Yoder of Petoskey. The trip took only three days. Mr. Yoder is somewhat improved.

Mr. and Mrs. LeRoy Papendick of Detroit spent the week end visiting her parents, Mr. and Mrs. J. J. McClain and other relatives. Grayling Township Board of Review meets Tuesday and Wednesday, March 6 and 7, 1951.

Mr. and Mrs. Svend Madsen and family of Gaylord spent Sunday here visiting the Whitey and Norman Madsen families.

Closing Date On
ACP Sign-Up Nears

With the closing date for signing up in the 1951 Agricultural Conservation Program only weeks away, approximately 38 county farmers have signed up to cooperate in this program, according to figures released by the Crawford Production and Marketing Administration office.

This is about 98% of all the farmers in Crawford county, says Mr. Hummel, county PMA committee chairman.

He points out that the Agricultural Conservation Program is open to all farmers and that any farmer who cooperates in this program is contributing to keeping the Nation strong. It is because our soil and water resources are so vital to the welfare of the Nation that assistance is provided to help farmers carry out approved conservation practices.

Crawford county farmers who have not already signed up for 1951 may do so by calling at PMA

office in Gaylord before March 31, 1951.

The chairman points out that conservation practices which help to build up the Nation's soil reserves are being emphasized for 1951. "With adequate supplies of most foods, the opportunity continues for farmers to build up their soil. By building up our soils now, they will be ready should the Nation need to make any substantial increase in food production later on."

"Conservation practices which build up the organic matter and restore fertility will help to give us these reserves, and for that reason winter cover crops and green-manure crops will be particularly stressed in 1951."

FETED WITH SHOWER

Mrs. Harry McEvers, Mrs. Albert Schieber, Mrs. Al Stephan and Mrs. DeVere Wolcott were co-hostesses at a stork shower at the McEvers home on Wednesday.

February 7th. The honored guest was Mrs. Leo Morency.

Around twenty guests were present. A card bearing the name of some famous person was placed on the back of each guest, who then asked questions of the others until each guest learned her identity. Then came a game of unscrambling words, which all pertained to babies, with prizes going to Mrs. Marius Rogalle and Mrs. Norman Feldhauser. Prizes for pinochle were won

by Mrs. Ron Hanson and Mrs. Leo Morency and for buncos by Mrs. Sara Walz and Mrs. Norman Feldhauser.

A lovely lunch was served and Mrs. Morency received many lovely and useful gifts.
